

April 11, 2013

TO THE MEMBERS OF THE UNITED STATES CONGRESS:

The undersigned companies and organizations, representing America's businesses from all sectors of the economy, urge you to pass comprehensive immigration reform in the 113th Congress. As you know, America's current immigration system is broken and does not meet the needs of our citizens or businesses. Improvements to our nation's immigration policies are long overdue and are essential to continued economic growth.

We recognize that a broad based approach is needed to fix our immigration system, with sensible laws and enforceable guidelines that will help protect our borders and meet the needs of our nation, both economically and socially. We know that this is a very complex and emotive issue. However, the current debate presents a unique, bipartisan opportunity to improve our nation's outdated immigration laws.

Immigration reform provides a way to jump start our economy and create jobs in the United States, recognizing that immigrants are key to the economic success of this country. We support reform that will improve our competitiveness, attract and retain the best talent and the workers we need, secure our borders, and keep faith with America's legacy as an open and welcoming society.

We ask that Congress take advantage of the unprecedented momentum in support of reform and, working with the Administration, address this important issue before the end of the year. The time to act is now. We urge you to support immigration reform and make this issue a top priority.

Sincerely,

National Organizations
